REGION 5 DELEGATIONS MANUAL

Purpose. This transmittal provides material for the Region 5 Delegations Manual.

Explanation. These revised Region 5 delegations authorize the Superfund Division Director to exercise enforcement authorities under the Clean Air Act for stationary sources subject to the requirements of Section 112(r), and the General Duty Clause of the Clean Air Act. These revised delegations also have been rewritten from the 1992 Regional delegations so that their format is more consistent with the delegations format typically used by EPA. There has been no change to the authorities granted to the Air and Radiation Division Director or to the Regional Counsel.

Filing Instructions. Post receipt of this transmittal on the checklist of EPA transmittals in the Region 5 Delegation Manual.
